SAFETY IN THE TREETOPS

Bohmer's Tree Care

EXCELLENCE IN WORKPLACE HEALTH AND SAFETY CULTURE WINNER 2016

For more than 20 years, Bohmer's Tree Care has provided innovative, eco-friendly arboriculture services in the Illawarra. In an industry where safety hazards range from a fall from a height to a surprise bee hive, Bohmer's understands the importance of quality safety systems to keep its workers safe.

Workers at Bohmer's are encouraged to take ownership of their safety. From the day of induction to becoming qualified arborists, they are guided and mentored by Bohmer's owner and head arborist, Clive Woodnutt.

The company's passion for safety extends beyond its workers, with Clive regularly conducting tree safety workshops for schools and TAFE, as well as sharing knowledge throughout the industry as part of his participation in the SafeWork NSW Mentor Program.

**“THIS AWARD HAS ASSISTED IN WINNING
NEW CONTRACTS AND BUSINESS
OPPORTUNITIES.”**
